PROFILE

Multidisciplinary designer with 5+ years of experience across enterprise data products, financial services, design systems, marketing design, campaigns, film, and photography. Connects strategic product thinking with art direction and creative production to carry a clear central idea from discovery through delivery.

PROFESSIONAL EXPERIENCE

JAY STUDIO / INDEPENDENT PRACTICE

2026 - Present

Founder - Art Direction and Creative Production

- Develop creative territories from audience insight and positioning, translating central ideas into treatments, moodboards, storyboards, shot lists, campaign systems, and digital touchpoints.
- Direct small film and photography productions from pre-production and visual planning through on-set decisions, edit feedback, post-production, and rollout review.
- Coordinate design, image, motion, styling, and production collaborators around a consistent creative standard.

FORVIA FAURECIA / PALANTIR FOUNDRY

May 2023 - Jun 2025

UX/UI Designer - Data UX and Design Process Leadership

- Led end-to-end design for data-heavy enterprise applications, covering discovery, workflow mapping, UX audits, ideation, prototyping, interface direction, specification, and developer handoff.
- Created and governed a reusable design system for Palantir Foundry applications, aligning foundations, components, dashboard patterns, documentation, and design review across teams.
- Directed designers through critique, prioritization, and quality review while aligning product owners, technical teams, and stakeholders around a coherent experience direction.
- Designed and facilitated R&D workshops in Paris Bercy and Nanterre, converting complex innovation topics into structured concepts, scenarios, and next steps.
- Extended product work through executive presentations, photo and video content, and campaign-style storytelling for innovation and internal communication.

ADDINN GROUP

Oct 2020 - May 2023

UX/UI Product Designer - Creative and Marketing Design

- Led discovery and product design across SynapseHR, Smart Web Pay, Lait's Collecte, and financial-service products using interviews, journey mapping, UX audits, prototyping, testing, analytics, and iteration.
- Shaped campaign visuals, presentations, sales and communication materials, and photo and video content alongside the product work.
- Set visual quality across interface, marketing, and communication touchpoints while guiding designers from concept through delivery.
- Translated ambiguous business and technical requirements into clear product direction and presented recommendations to stakeholders and product owners.

SELECTED CREATIVE AND PRODUCT WORK

AUREA / BEYOND ORDINARY - Independent Hospitality Campaign Study

Defined the campaign territory and directed treatment, film, photography, newspaper concept, and social rollout around a restrained hospitality narrative.

DELISHIO / TASTE THE COLD - Independent Social Campaign Study

Built a tactile summer campaign world through temperature, colour, texture, movement, portrait film, product imagery, and social-first cutdowns.

SMART WEB PAY - Parking Payment Service

Led research, product strategy, experience direction, visual design, testing, and service-system definition for clearer, more trustworthy payment flows.

SIDI BOU SAID / THE BLUE STORY - Independent Destination Film

Set concept and visual direction, completed the location study, guided production and editing, and built a place-led narrative through rhythm and detail.
